Course Description:

The main goal of this course is to provide students with a thorough and extensive study of linear, quadratic, exponential, and polynomial functions while graphing on the xy-coordinate system. By the end of this course, students will have all the knowledge necessary to analyze and graph a variety of functions. They will also be able to apply this knowledge to other areas of math through real-world problems.

Learning Standards/Targets:

- Solve quadratic equations.
- Polynomial Equations
- Radical expressions.
- Exponents and Radicals.

Instructional Materials:

Instructional Materials:

- Online Resources:
 - **Google classroom:** notes and assignments will be posted here daily
 - Code: -----
 - **EdGems:** [EdGems](#)
- Calculator: Scientific calculator, Graphing calculator (have class set of each).
- Binder/Folder: to keep in-class assignments, reviews, and HW organized.
- Spiral Notebook: college ruled spiral notebook dedicated to math class.
- Pen and Pencil: pens are fine for assignments/notes, but tests must be completed in pencil.

Notification of the Right to Object to the Use of Material:

[CCSD School Board Policy IIA-AR](#): Any resident of the district may raise objection to instructional materials used in the district's educational program despite the fact that the individuals selecting such materials were duly qualified to make the selection and followed the proper procedure and observed the criteria for selecting such material.

The first step in expressing objection to materials is consultation with the classroom teacher or library staff and providing a written complaint. The district official or staff member initially receiving a complaint shall explain to the complainant the district's

selection procedure, criteria and qualifications of those persons selecting the material. A classroom teacher receiving a complaint regarding instructional materials shall try to resolve the issue informally through the discussion of the original assignment or the opportunity for an alternative assignment. The materials shall remain in use unless removed through the procedure in section 4. F. (2) of this regulation.

The teacher or library staff receiving the initial complaint shall advise the principal of the initial contact within 24 hours, whether or not the complainant has apparently been satisfied by the initial contact. A written record of the contact shall be maintained by the principal and sent to the superintendent's office.

In the event that the person making an objection to material is not satisfied with the initial explanation or an alternative assignment, the person raising the questions will meet with a building administrator who will provide a Request for Reconsideration form.

Citizenship, Classroom Rules, Behavior Expectations:

- The Board expects student conduct to contribute to a productive learning climate. Students shall comply with the district's policies, administrative regulations, school and classroom written rules, pursue the prescribed course of study, submit to the lawful authority of teachers and school officials and conduct themselves in an orderly manner during the school day and during district-sponsored activities.

Careful attention shall be given to procedures and methods whereby fairness and consistency without bias in discipline shall be assured to each student. The objectives of disciplining any student must be to help the student develop a positive attitude toward self-discipline, realize the responsibility of one's actions and maintain a productive learning environment.

Grading System:

- The district's grading system shall be based on Board-adopted course content and is designed to enable the student and parent to clearly know how well the student is achieving course requirements at the student's current grade level or course content level, and be based on the student's progress toward mastery of a continuum of knowledge and skills outlined in Oregon State Standards. Absenteeism or misconduct shall not be the sole criterion for the reduction of students' grades. Behavioral performance shall be reported separately. The district will use letter grades (A,B,C,D,F) that can be converted into a 4 to 0 reporting system in grades 6-12. All AP courses are graded on a 5.0 grading scale.

- *Grades will be based on many factors, such as: basic instructional assignments, both oral and written; results from various assessment instruments, including critical content short cycle assessments as well as quizzes and exams; class participation; special assignments; research; activities of various types of kinds and special contributions.*
- See CCSD School Board [Policy IKA](#), [Policy IK](#), & [Policy IK-AR](#) for more details.

Grading Scale:

- A: 100-90%
- B: 89 - 80%
- C: 79 - 70%
- D: 69 - 60%
- F: 59-0%

Students will be provided with at least two opportunities to retake assessments. A student who retakes an assessment will not be penalized. Teachers can modify assessments (more rigorous to account for greater time allowed for preparation.) Teachers will determine student requirements for assessment retakes that align with Policy IK-AR.
- **Homework/Daily Work:** Achievement of learning standards will be assessed separately from behavior (i.e. attendance, disruption, late work, tardiness, preparation, effort, attitude, etc.). Homework not completed prior to class on the weekly due date will receive a 20% late penalty.
