The district shall deny regular school admission to a student who is expelled from another school district for an offense that constitutes a violation of applicable state or federal weapons laws and who subsequently becomes a resident of the district or who applies for admission to the district as a nonresident student. A parent(s) of any student receiving Individuals with Disabilities Education Act (IDEA) services must provide notice to the district at the last individualized education program (IEP) meeting prior to obtaining private services or in writing at least 10 business days prior to obtaining such services. The notice must include the parent's intent to obtain private services, the parent's rejection of the educational program offered by the district and the parent's request that the private services be funded by the district. CONFERENCES	
Regular conferences are scheduled annually in the fall and spring to review student progress. A teacher may request a conference: (1) if the student is not maintaining passing grades or achieving the expected level of performance; (2) if the student is not maintaining behavior expectations; or (3) in any other case the teacher considers necessary. The district encourages a student or parent in need of additional information or with questions or concerns to confer with the appropriate teacher, counselor, or principal. A parent who wishes to confer with a teacher may call the office for an appointment before or after school, during the teacher’s preparation period, request that the teacher call the parent to arrange a mutually convenient time, or email the teacher. COUNSELING	
Academic Counseling	
Students and parents are encouraged to talk with district counselors, teachers, and building administrators to learn about the curriculum, course offerings, activities and graduation requirements. All students in grades 9-12 and their parents shall be notified annually about the recommended and available courses for students. All students are encouraged to attend college, university or training school, or pursue some other advanced education, and should work closely with their counselor so that they may take the courses that may best prepare them for further education. The counselor can also provide information about entrance examinations required by many colleges and universities, as well as information about financial aid and housing.	CCSD Policy: • IJ – School Counseling Program
Personal Counseling	
A counselor is available to assist students with a wide range of personal concerns, including such areas as social, family, emotional, academic, drug, alcohol, or tobacco dependency. Consistent with individual rights and the counselor's obligations as a professional, the counseling relationship and resulting information may be protected as privileged communications by Oregon law.	
CREDIT FOR PROFICIENCY	
In addition to credit by completing classroom or equivalent work, a student may receive credit toward a diploma or a modified diploma by one or more of the following options, if the student demonstrates defined levels of proficiency or mastery of recognized standards: 1. Classroom or equivalent work that meets Common Curriculum Goals and academic content standard required by OAR 581-022-2030; 2. Classroom or equivalent work; 3. Passing an appropriate exam; 4. Providing a collection of work or other assessment evidence; and/or 5. Providing documentation of prior learning experiences. A student may not use credit by examination to regain eligibility to participate in extracurricular activities.	CCSD Policy: • IKH – Credit for Proficiency
DAMAGE TO DISTRICT PROPERTY	
A student who is found to have damaged district property will be held responsible for the reasonable cost of repairing or replacing that property. This includes damage to the district's network and other electronic systems. The district will notify students and parents of all such charges. If the amount due is not paid within 10 calendar days of receipt of the district's notice, the amount will become a debt owed and certain penalties and/or restrictions may be imposed. See Fees, Fines, and Charges.	CCSD Policy: • JFC – Vandalism, Malicious Mischief or Theft • JN – Student Fees, Fines and Charges
DANCES/SOCIAL EVENTS	
The rules of good conduct and grooming shall be observed for school dances and social events. Guests will be expected to observe the same rules as students attending the events. Anyone leaving before the official end of the activity will not be readmitted.	CCSD Policy: • IGD – Cocurricular/ Extracurricular Activities

DISCIPLINE/DUE PROCESS	
A student who violates the Student Code of Conduct shall be subject to disciplinary action. A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administrators. Discipline in the district is based upon a philosophy designed to produce behavioral changes that will enable students to develop the self-discipline necessary to remain in school and to function successfully in their educational and social environments. Student disciplinary sanctions will offer corrective counseling and sanctions that are age appropriate, and to the extent practicable, that use approaches that are shown through research to be effective. Disciplinary measures are applied depending on the nature of the offense and without bias. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion. In addition, when a student commits substance abuse, drug, or drug paraphernalia, alcohol- and/or tobacco-related offenses, or any other criminal act, they may also be referred to law enforcement officials. Violations of the district's weapons policy shall be reported to law enforcement when required by law. No student will be subjected to corporal punishment.	<u>CCSD Policy:</u> • JG – Student Discipline
Detention	
A student may be detained outside of school hours for disciplinary reasons, provided the parent has been notified of the detention and, in the case of bus students, arrangements have been made for the student's transportation home. In cases where transportation is required, 24-hour notice will be given so that transportation may be arranged.	<u>CCSD Policy:</u> • JGB – Detention of Students
Discipline of Students with Disabilities	
When a student being served by an individualized education program (IEP) engages in conduct which would warrant suspension of more than 10 days or expulsion for a student without disabilities, the student's parents will be notified immediately (within 24 hours) of the circumstances of the misbehavior, the time, and location of the student's IEP team meeting addressing the infraction and its relationship to the disability. The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner as would other students. If the IEP team concludes the misconduct is a consequence of the student's disability, the team may review and revise the student's IEP and determine whether a change in placement is needed. The district may not suspend for more than 10 days or expel a student with a disability or terminate educational services for any behavior which is a manifestation of the disability. For a violation involving drugs, weapons or the infliction of serious bodily injury, the district may remove a student with a disability from the student's current educational placement to an appropriate interim alternative educational setting for the same amount of time that a student without a disability would be subject to discipline, but for not more than 45 school days in a school year without regard to whether the behavior is a manifestation of the student's disability. This removal is considered a change in placement.	<u>CCSD Policy:</u> • JGDA – Discipline of Students with Disabilities

Expulsion Students may only be expelled for any of the following circumstances: 1. When a student's conduct poses a threat to the health or safety of students or employees; 2. When other strategies to change the student's conduct have been ineffective, except that expulsion may not be used to address truancy; or 3. When required by law. The district shall consider the age of the student and the student's past pattern of behavior prior to imposing the expulsion. The use of expulsion of a student in the fifth grade or below, is limited to: 1. Nonaccidental conduct causing serious physical harm to a student or employee; 2. When a school administrator determines, based on the administration's observation or upon a report from an employee, the student's conduct poses a direct threat to the health or safety of students or employees; or 3. When the expulsion is required by law. No student may be expelled without a hearing unless the student's parent or the student, if 18 years of age, waives the right to a hearing, either in writing, or by failure to appear at a scheduled hearing. An expulsion shall not extend beyond one calendar year. The district will provide appropriate expulsion notification including expulsion hearing procedures, student, and parent rights and alternative education provisions as required by law as part of the expulsion process.	<u>CCSD Policy:</u> • JGE – Expulsion
Suspension A student whose conduct or condition is seriously detrimental to the school's best interests may be suspended for up to and including 10 school days. A student may be suspended for one or more of the following reasons: a) willful disobedience and violation of Board policies, administrative regulations or school rules; b) willful conduct which materially and substantially disrupts the rights of others to an education; c) willful conduct which endangers the student, other students or staff members; or d) willful conduct which damages or injures district property. The use of out-of-school suspension for discipline of a student in the fifth grade or below, is limited to: a) nonaccidental conduct causing serious physical harm to a student or employee; b) when a school administrator determines, based on the administrator's observation or upon a report from an employee, the student's conduct poses a threat to the health or safety of students or employees; or c) when the suspension is required by law. When an out-of-school suspension is imposed on a student in the fifth grade or lower, the district shall take steps to prevent the recurrence of the behavior that led to the out-of-school suspension and return the student to a classroom setting to minimize the disruption of the student's academic instruction. The district may require a student to attend school during nonschool hours as an alternative to suspension. An opportunity for the student to present their view of the alleged misconduct will be given. Each suspension will include a specification of the reasons for the suspension, the length of the suspension, a plan for readmission, and an opportunity to appeal the decision.	<u>CCSD Policy:</u> • JGD – Suspension

Every reasonable and prompt effort will be made to notify the parents of a suspended student. While under suspension, a student may not attend after-school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district. School work missed by a student while on suspension may be made up upon the student's return to school if the work missed reflects achievement over a greater period of time than the length of the suspension. For example, a student will be allowed to make up final, mid-term, and unit examinations without an academic penalty.	
DISTRIBUTION OF MATERIALS	
All aspects of K-8 school-sponsored publications, including web pages, newspapers, and/or yearbooks, are completely under the supervision of the teacher and principal. Students may be required to submit such publications to the administration for approval. Generally, high school student journalists have the right to exercise freedom of speech and of the press in school-sponsored media. School-sponsored media prepared by student journalists are subject to reasonable time, place, and manner restrictions pursuant to state and federal law. Written materials, handbills, photographs, pictures, petitions, films, tapes, or other visual or auditory materials may not be sold, circulated, or distributed on district property by a student or a nonstudent without the approval of the administration. Materials not under the editorial control of the district may be subject to administrative review, restriction, or prohibition, based on legitimate educational concerns. Such concerns include whether the material is defamatory; age appropriate to the grade level and/or maturity of the reading audience; poorly written or inadequately researched; is biased or prejudiced; not factual; or not free of racial, ethnic, religious, or sexual bias. Materials that include advertising that is in conflict with public school laws, rules and/or Board policy, deemed inappropriate for students or may be reasonably perceived by the public to bear the sanction for approval of the district will not be allowed. All requests for materials distribution require approval of the administration. The district may designate the time, place, and manner for distribution. If material is not approved within 48 hours of the time that it was submitted, it must be considered denied. A denial may be appealed to the superintendent or designee. If the material is not approved by the superintendent or designee within three days it will not be considered approved. A decision reached by the superintendent may be appealed to the Board at its next regular meeting when the individual shall have a reasonable period of time to present their viewpoint.	<u>CCSD Policy:</u> • IB – Freedom of Expression • IB-AR – Student Publications K-8 • KJA – Materials Distribution • KI – Public Solicitation in District Facilities • KL – Public Complaints

Students who represent the school in a voluntary activity may be required to meet additional dress and grooming standards approved by the principal and may be denied the opportunity to participate if those standards are not met.	
DRUG, ALCOHOL AND TOBACCO PREVENTION PROGRAM**	
The possession, selling and/or use of illegal and harmful drugs, alcohol, tobacco products, and inhalant delivery systems are strictly prohibited. This includes substance abuse and drug paraphernalia. This prohibition applies during the regular school day and/or at any district-related activity, regardless of time or location, and while being transported on district-provided transportation. Students in violation of the district's policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate, in accordance with the Student Code of Conduct. Drug, alcohol, and tobacco use is illegal for students and interferes with both effective learning and the healthy development of students. The district has a fundamental and ethical obligation to prevent drug, alcohol, and tobacco use and will maintain a drug-free educational environment. An intervention program to eliminate drug, alcohol, and tobacco use has been implemented throughout the district. As part of this program, an age-appropriate drug, alcohol, and tobacco prevention curriculum will be taught annually to all students. The program also includes staff training in district procedures for the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically, and/or legally as a result of illegal drug, alcohol, and tobacco use. Parents are encouraged to contact the counseling office for information on district and community resources available to assist students in need.	<u>CCSD Policy:</u> • IGAEB – Drug, Alcohol and Tobacco Prevention, Health Education

EMERGENCY MEDICAL TREATMENT A student who becomes ill or is injured at school must notify their teacher or another staff member as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify parents according to information provided on emergency forms submitted by parents. Parents are encouraged to update this information as often as necessary. If the student is too ill to remain in school, the student will be released to the student's parents or to another person as directed by parents on the student's emergency form. School staff may administer emergency or minor first aid, if possible. The school will contact emergency medical personnel, if necessary, and will attempt to notify the student's parents whenever the student has been transported for treatment.	<u>CCSD Policy:</u> • EBBA – First Aid

All such restrictions and/or penalties shall end upon payment of the amount owed.	
FIELD TRIPS	
Field trips may be scheduled for educational, cultural, or other extracurricular purposes. All students are considered to be "in school" while participating in district-sponsored field trips. The student body business manager serves as the student government representative in administration of student activity funds.									
GANGS The presence of gangs and the violent activities and drug abuse that often accompany gang involvement can cause a substantial disruption of school, district activities, and a student's ability to meet curriculum and attendance requirements. A "gang" is defined as any group that identifies itself through the use of a name, unique appearance, or language, including hand signs, the claiming of geographical territory, or the espousing of a distinctive belief system that frequently results in criminal activity. In an effort to reduce gang involvement, the district encourages students to become involved with district-sponsored clubs, organizations, and athletics; to discuss with staff and district officials the negative consequences of gang involvement; to seek the assistance of counselors for additional guidance and district; and to access community resources that offer support to students and alternatives to gang involvement. Graduating students will be allowed to wear Native American or other items of cultural significance^{3}. {4} The valedictorian(s), salutatorian(s), or others may be permitted to speak as part of the graduation exercise program at the discretion of the building principal or designee. All speeches will be reviewed and approved in advance by the building principal or designee.	<u>CCSD Policy:</u> • IKFB – Graduation Exercises • IKF – Graduation Requirements
GRADUATION REQUIREMENTS	
The Board establishes graduation requirements for the awarding of a high school diploma, a modified diploma, an extended diploma, and an alternative certificate, which meet or exceed state requirements. See Board Policy IKF – Graduation Requirements for more information. A student may satisfy graduation requirements in less than four years. The district will award a diploma to a student fulfilling graduation requirements in less than 4 years if consent is received by the student’s parent or guardian or by the student if they are 18 years of age or older or emancipated. Students will have onsite access to the appropriate resources to achieve a diploma, a modified diploma, an extended diploma, or an alternative certificate at each high school. The district provides age-appropriate and developmentally appropriate literacy instruction to all students until graduation.	<u>CCSD Policy:</u> • IKF – Graduation Requirements

³ { HB 2052 (2021) requires that districts allow students to wear Native American items of cultural significance to graduation and other school events. Districts can choose to allow students to wear items of significance to other cultures.} “Native American items of cultural significance” means items or objects that are traditionally associated with Native American or that have religious or cultural significance to a Native American.

⁴ The district may prohibit an item or object that: a) is likely to cause a substantial disruption of, or material interference with the graduation ceremony, or b) replaces a cap or gown customarily worn at a graduation ceremony.

The district may not deny a student the opportunity to pursue a diploma with more stringent requirements than a modified diploma or an extended diploma for the sole reason the student has the documented history listed under the modified or extended diploma requirements.

The district may award a modified diploma or an extended diploma to a student only upon the written consent of a student who is emancipated or who has reached the age of 18 at the time the modified or extended diploma is awarded, or the student's parent or guardian. The district shall receive the written consent during the school year in which the modified diploma or the extended diploma is awarded.

A student shall have the opportunity to satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in the later of 4 years after starting the ninth grade, or until the student reached the age of 21, if the student is entitled to a public education until the age of 21 under state or federal law.

A student may satisfy the requirements for a modified diploma, an extended diploma, or an alternative certificate in less than 4 years but not less than 3 years. To satisfy the requirements for a modified diploma, an extended diploma or an alternative certificate in less than 4 years, the student's parent or guardian or a student who is emancipated or has reached the age of 18, must provide written consent which clearly states the parent, guardian or student is waiving the fourth year and/or years until the student reaches the age of 21.

A student in good standing who qualifies to receive or receives a modified diploma, an extended diploma, or an alternative certificate will have the option of participating in a high school graduation ceremony with the student's class.

A student who received a modified diploma, an extended diploma, or an alternative certificate shall have access to instructional hours, hours of transition services, and hours of other services that are designed to meet the unique needs of the student, and when added together provide a total number of hours of instruction and services that equals at least the total number of instructional hours that is required to be provided to students who are attending a public high school.

The district will award to students with disabilities a document certifying successful completion of program requirements. No document issued to students with disabilities educated in full or in part in a special education program shall indicate that the document is issued by such a program. When a student who has an IEP completes high school, the district will give the student an individualized summary of performance.

Eligible students with disabilities are entitled to a Free Appropriate Public Education (FAPE) until the age of 21, even if they have earned a modified diploma, an extended diploma, an alternate certificate, certificate of completion, or completion of a General Education Development document. The continuance of services for students with disabilities for a modified diploma, an extended diploma, or an alternative certificate is contingent on the IEP team determining the student's continued eligibility and special education services are needed.

The district may not deny a diploma to a student who has opted out of the statewide assessment if the student is able to satisfy all other requirements for the diploma.

Students and their parents will be notified of graduation and diploma requirements through the high school curriculum guide.

INFECTION CONTROL/HUMAN IMMUNODEFICIENCY VIRUS (HIV), HEPATITIS B VIRUS (HBV) AND ACQUIRED IMMUNE DEFICIENCY SYNDROME (AIDS)**	
Although HIV, AIDS, and HBV are serious illnesses, the risk of contracting the disease in school is extremely low and generally limited to situations where non-intact skin or mouth, eye or other mucous membranes would be exposed to blood or any body fluids contaminated with blood from an infected person. Since any risk is serious, however, the district requires that staff and students approach infection control using standard precautions. That is, each student and staff member is to assume all direct contact with human blood and body fluids is regarded as known to be infectious for HIV, AIDS, HBV, and/or other infectious diseases.	CCSD Policy: • EBBAA Infection Control and Bloodborne Pathogens • JHCC – Communicable Diseases – Students
HIV, HBV, AIDS – Students	
A student infected with HIV, HBV, or AIDS is entitled to remain in a regular classroom setting and eligible for all rights, privileges and services as provided by law and Board policy. The district recognizes that a student (parent) has no obligation to report an HIV, HBV, or AIDS condition diagnosis to the district. If a student (parent) wishes to divulge such information and continues attending school, the district will meet with the student or representative to develop appropriate procedures. Individuals with questions regarding these requirements of law or district procedures should contact the district office.	CCSD Policy: • JHCCA – Students – HIV, HBV and AIDS

Information obtained directly from students does not require parental approval prior to publication. Parents who do not want their student interviewed or photographed should choose ‘media opt-out’ during online registration. This will direct district staff to prevent students from being interviewed by the media or from having their names or pictures shared on the district’s social media pages or in publications, such as district or school newsletters. Please contact the CCSD main office for assistance. District employees may release student information only in accordance with applicable provisions of the education records law and Board policies governing directory information and personally identifiable information.	<u>CCSD Policy:</u> • JO/IGBAB – Education Records/Records of Students • JOA – Directory Information • JOB – Personally Identifiable Information
MEDICATIONS The district recognizes that administering a medication to a student and/or permitting a student to administer a medication to himself, may be necessary when the failure to take such medication during school hours would prevent the student from attending school, and recognizes a need to ensure the health and well-being of a student who requires regular doses or injections of a medication as a result of experiencing a life-threatening allergic reaction or adrenal crisis, or a need to manage hypoglycemia, asthma, or diabetes. Students may be permitted to take medication and/or self-medicate at school, at school-sponsored activities, under the supervision of school personnel, and in transit to or from school or school-sponsored activities in accordance with Board policy, administrative regulations, and the following:	<u>CCSD Policy:</u> • JHCD - Medications
District-Administered Medication Request and parental permission for the district to administer prescription or nonprescription medication shall be made in writing by the parent or student, if the student is allowed to seek medical care without parental consent pursuant to ORS 109.610, 109.640 or 109.675. Written instructions of the prescriber are required for all requests to administer prescription medication. Such instructions must include the following information: name of the student, name of the medication, dosage, method of administration, frequency of administration, any other special instructions, and the signature of the prescriber. A prescription label prepared by a pharmacist at the direction of a prescriber meets the requirements for written instructions from the prescriber, if the information above is included (excluding the signature). Written instructions, which include the information above and the reason that the medication is necessary for the student to remain in school, are required for all requests to administer nonprescription medication (parental signature in place of prescriber signature). All medication to be administered by the district is to be brought to school in its original container. Medication not picked up by the parent within five school days of the end of the medication period or at the end of the school year, whichever occurs first, will be disposed of by the district.	

A request to the district to administer nonprescription medication that is not approved by the Food and Drug Administration (FDA) shall include a written order from the student's prescriber that meets the requirements of law. In situations when a licensed healthcare professional is not immediately available, trained personnel, designated by the district, may administer epinephrine, glucagon, or other medications to a student as prescribed and/or allowed by Oregon law. A process shall be established by which, upon parent written request, a backup prescribed auto injectable epinephrine pen be kept at a reasonable, secured location in the student's classroom.	
Self-Medication	
Students in grades K-12, who are able to demonstrate the ability, developmentally and behaviorally, to self-medicate, are permitted to self-medicate prescription and nonprescription medication upon: 1. Written request and permission of the parent or student, if the student is allowed to seek medical care without parental consent pursuant to ORS 109.610, 109.640, or 109.675; and 2. Permission from a building administrator and either a prescriber or registered nurse practicing in a school setting; and 3. Compliance with age-appropriate guidelines. In the case of prescription medication, permission from the prescriber is also required. Such permission may be indicated on the prescription label. The instruction for a student to self-medicate will include an assurance that the student has been instructed in the correct and responsible use of the medication from the prescriber. A student permitted to self-administer medication may be monitored by designated personnel to monitor the student's response to the medication. All medication must be kept in its appropriately labeled, original container. The student's name is to be affixed to nonprescription medication. A request to allow a student to self-administer nonprescription that is not approved by the Food and Drug Administration (FDA) shall include a written order from the student's prescriber that meets the requirements of law. Students may have in their possession only the amount of medication needed for that school day, except for manufacturer's packaging that contains multiple dosages: in these situations the student may carry one package. Sharing or borrowing nonprescription or prescription medication of any kind is strictly prohibited. Permission to self-medicate may be revoked if the student is found to be in violation of these requirements. Students may also be subject to disciplinary action. Contact the school office for additional information and forms.

Instructional materials used as part of the school's curriculum may also be reviewed by the student's parent(s). Requests to review materials or to excuse students from participation in these activities, including any nonemergency, invasive physical examination or screenings administered by the school and not otherwise permitted or required by state law should be directed to the office during regular school hours.
